CHOOSE YOUR STYLE

The sleek and aggressive K500 is proof that your fix for the latest performance and looks doesn't need to come at a great price. With a partial mesh front panel, 400mm of graphics card space, support for six 120mm fans, and front and rear water cooling support, there's nothing budget about the benchmarks you can reach. And to keep everything clean and crispy, take advantage of generous cable routing clearance, full black coating, and a PSU cover.

FEATURES

Lighting effects : Stand out and be unique through RGB LED strip in front. Your case will never be unremarkable.

Versatile cooling options – Support up to six 120mm fans, and front and rear liquid cooling.

Graphics card support up to 400mm– Supports the latest, widest cards you can get.

Stay black, stay neat – Let your system stand out with a full black coating and PSU cover.

Efficient thermal performance – A partial meshed front panel and   ventilation holes on top of the case give your parts fresh air to breathe.

Cable Management: The PSU cover and 19mm width space behind the mainboard tray gives you plenty of cable management options to keep your build nice and clean.

Cooling Performance: Support for a total of six 120mm fans and support for front, top and rear radiator placement, ensure you don't have to compromise on performance.

RGB Lighting Control: One RGB controller is included in the accessory pack. If your MB does not support the RGB control function, you can connect the RESET button cable and control the RGB lighting directly from the I/O panel.

1 to 5 Splitter Cable for RGB LED Fans: The RGB Connector Splitter and 4 pin male to male adapters are included. Certified compatible with: ASUS, Gigabyte, MSI and ASRock motherboards.

4mm Thick Edge to Edge Tempered Glass Side Panel: Show off your build in style through the 4mm thick edge to edge tempered glass side panel.
