MasterBox 5 MSI Edition

You Decide the Inside

The MasterBox 5 MSI Edition, is a Cooler Master and MSI co-branded model combining the MasterBox 5 case with the MSI dragon designed logo:

This case's straightforward design comes with conveniently placed cut-outs, making component installation, interior expansion, and multiple interior layouts simple and easy. It can also support large, high-end components, several fans and DIY liquid cooling. Keep your system looking clean with numerous routing holes and a cover for your PSU.

Features

MSI co-branded themed design: the MSI dragon design on the front and right side panels, plus MSI inscription on the window panel

Flexible mounting: easily mount and rearrange SSDs across the motherboard tray, along the bottom shelf or on the back (for SSD) with the SSD bracket.

Expansion support: motherboard tray cutouts creatively rearrange space to fit high-end motherboards, extra-long dual-slot graphics cards and reservoir mounting for DIY cooling .

Clean cabling: all system setups have plenty of space for hidden cable management.

Compact cooling: with the included bracket, the case supports up to 3 120mm front fans, one 120mm rear fan, and up to 360mm front radiator for liquid cooling** (360mm radiator requires usage of the included bracket).

You Decide the Inside: create a design that follows your personality and preferences. This case is designed to allow users the freedom to install their components however they want.
